Dear Iceland cruiser,

I am grateful to all of you for joining me on our Iceland Cruise. After hosting bridge cruises annually, this was the first bridge cruise since 2019. It was the worth the wait. From the wild frontiers of Iceland to the welcoming Scots of Glasgow it was an adventure to remember and cherish. It has taken me six days to recover from jet lag.

Some Cruise highlights:

- Cha Cha, swing & hustle and later enjoy a play at Eden
- Bike to Bolungarvik from Isafjordur with spouse and friends.
- Most delicious almond croissant ever discovered in Reyjavik
- Enjoyable games most evenings and days at sea
- Dining together
- Experience a bridge game with style amongst the Scots in Glasgow
- Group photo
- Seeing everyone gel at the Farewell Party.

Prior to our epic cruise, I was not planning to host another one, unless this one went well. It did. I will likely put together a new adventure by year end.

Meanwhile, attached are some photos from our trip. Until we meet again,
